

La Compagnie is Named Travel + Leisure's 2023 World's Best International Airline

July 11, 2023 (New York, NY) – La Compagnie is excited to announce that it was ranked the No. 1 international airline in the Travel + Leisure World's Best Awards 2023 reader's survey. The 100% smart business class airline, which launched in 2014, now operates two new Airbus A321neo aircraft that operate between New York (EWR) and some of Europe's most coveted destinations: Paris (Orly), Milan (Malpensa) and Nice during the summer season.

Each year, Travel + Leisure recognizes the top hotels, islands, cities, cruise lines, airlines, spas, and more around the globe, according to the results of the World's Best Awards 2023 readers' survey. This recognition is a powerful testament to the experience we provide, as the survey is a leading barometer of the places and companies that satisfy some of the most passionate and discerning travelers. This is the fifth year La Compagnie has received an accolade from Travel + Leisure's World's Best Awards, making its way from number 10 in 2019 all the way to number 1 in 2023.

"It is an honor to be recognized by such a prestigious publication and its readers," celebrates La Compagnie CEO, Christian Vernet. "We would like to thank our team, partners, and loyal clients, who have trusted and supported us for nearly a decade. Since the pandemic, we have strived to come back stronger than ever and are proud to continue growing the brand and delivering the best transatlantic business class service."

Thanks to an exclusive and stress-free pre-flight experience and the thoroughly modern and efficient A321neo aircraft, both leisure and business travelers take confidence in choosing La Compagnie to travel between the US and Europe year-round. Plus, the airline continues to make the in-flight experience interesting and engaging for passengers thanks to its strong Chefs & Co program and ongoing creative collaborations, from mixologists to authors, illustrators and more. Up next: the airline is planning to further expand its offering by way of two new planes joining the baby blue fleet in the next two years.
